## **Feedbacks**

### **@ GE HEALTHCARE (Bangalore)**

We wanted to thank you for the good training session we had at GEHC.

Your flexibility and eagerness to disseminate information - Most trainers would say that this is another training and look at it purely commercially, but your willingness to go out of the way to tell things not in syllabus was something we liked most.

### **@ INTUIT (Bangalore)**

This was by far the best ever training session we have ever attended. Your mastery of the subjects you talked about was totally self-evident.
